ENGINEERING NEWS-RECORD

VOLUME 126...JANUARY—JUNE, 1941

January 2 ..... 1– 56
January 9 ..... 57– 70
January 16 71–130
January 23 131–144
January 30 145–194
February 6 195–210
February 13 211–288
February 20 289–306
February 27 307–360
March 6 361–379
March 13 381–434
March 20 435–450
March 27 451–498
April 3 499–512
April 10 515–572
April 17 573–586
April 24 587–702
May 1 703–718
May 8 719–778
May 15 779–792
May 22 793–846
May 29 847–860
June 5 861–914
June 12 907–920
June 19 923–974
June 26 975–999

A

Abbink, John, appointed Engineering News-Record publisher n*862
Aerodynamics see Structural design

Aeronautics

Airplane plants:
Airacobra plane assembly plant..... n*310
Boeing aircraft factory—merit awards to workmen n*927
Boeing aircraft plant has sawtooth roof of concrete..... n*211
Boeing plant in Seattle..... n*213
Buick begins aircraft engine plant.. n*504
Dallas, Tex. blackout plane plant construction *732
Dallas, Tex. plant erected in fast time n*152
Glenn L. Martin bomber plant started n*515
Glenn L. Martin Co. expands to meet demands for bombers..... n*453
Glenn L. Martin plant at Baltimore nearly completed n712
New plants to build airplanes, engines, propellers 266a
North American Aviation bomber plant, Kansas City..... n*782
Studebaker adopts blackout design for its airplane engine plants..... n*437

Airplanes:
Naval air force of 10,000 planes approved n439

Airports:
Ajo, Ariz. clearing and grading (unit prices) 860
Alaska airbase receives additional funds n363
Arch roof hangars. L. Davidson..... l 388
Army gets more money for airbases and warehouses n454
Atlantic defense base contracts let for additional work n291
Atlantic airbase funds voted..... n439
Atlantic naval base construction reported *978
Baltimore constructs first all-welded hangar n*294
Baltimore's airport located on liquid mud n713
Borinquen, Puerto Rico, hangar of concrete n*71
Canada to build airports on U. S. route to Alaska n294
Charlotte, N. C. plans storage area of cement mixed with granite chips..n*725
Chicopee Falls, Mass. Army Air Base runway of soil cement enriched in top inch *531
Chicopee Falls, Mass. soil-cement runway paving. C. H. Lovejoy..... l 868
Fargo, N. D. pavement (unit prices).. 791
Jackson, Miss. airbase housing near completion n*982
Landing loads on runways..... *350
Morristown, N. J. airport drainage (unit prices) 906
Move started to have airports constructed as WPA projects..... n579
New York City's building damaged by settlement n72
1940 airport projects..... *263
Philadelphia wants appropriations for improvements n7
Pittsburgh airport clears snow with burning machine *207
Puerto Rico hangar constructed of concrete n*71
Puerto Rico airbases being rushed...n918
Quonset Point, R. I. repair station for naval aircraft *880
Tri-Cities Airport paving and drainage (unit prices) 989
Washington, D. C. airport placed in service n*983
Westover Field housing going up on record schedule n*438
Wheeling, W. Va. builds Class 3 airport on hilltop..... *16
Windsor Locks, Conn. camouflaged airfield started n*703
Army selects sites for pilot training schools n794
Landing strips along highways to be studied n293
Wind tunnel to test aircraft models at Wright Field n*499

Air conditioning:
Analyzing air conditioning costs for blackout plants. L. G. Huggins (Building Designer's Library)..... *751
United Benefit Life Insurance Co.'s office building installs air conditioning...n*292
Aluminum priority ratings issued by Office of Production Management..... n708
American Concrete Institute:
Washington, D. C. meeting..... n311
American Engineering Council:
Ceases to function..... n67
American Institute of Consulting Engineers:
Annual dinner meeting..... n133
American Railway Engineering Association:
Chicago meeting n*442
American Road Builders Association:
New York meeting..... n147; n*195
American Society for Testing Materials:
Committees advance materials specifications n437
American Society of Civil Engineers:
Baltimore meeting n703
Metropolitan Section states that supply of civil engineers ample for defense..n591
New honorary members..... n*139
New York meeting..... n131
Sanitary Engineering Division meeting.n132
American Water Works Association:
New York section meeting..... n5
Officers nominated and Diven medal awarded n197
American Wood-Preservers Association:
Louisville meeting n216

Aqueducts

Colorado River aqueduct:
Water delivery started..... n977
Weymouth retires as chief engineer of Metropolitan Water District, Hinds replaces n*508
Ice breaker for surge tank. C. E. Nightingale *555
Los Angeles aqueduct:
"Breathing" in steel siphons stopped by thicker pipe metal..... *469
Arkansas Valley Authority opposed by the Western states n293
Associated Equipment Distributors meet in New York..... n148
Associated General Contractors:
Annual convention in Houston....n294; n309
Central (Iowa) Branch holds convention n*133
Loftis suit ended..... n725
Members post a sign on every job..... n*787
Somervell and Moeller headliners at convention n*383
White Sulphur Springs meeting..... n925
Association of Highway Officials of the North Atlantic States:
Elects new officers..... n*375
Meet in Boston..... n313

Awards

John Fritz medal presented to Ralph Budd *140
Moles award goes to Macdonald and Moses n*208
Shackelford award for safety to Vappi & Co. n208
Washington award for 1941 goes to Ralph Budd n201

B

Baker, Charles Whiting, former editor, dies n909
Ballard, J. I. rejoins Engineering News-Record staff n*74
Barker, Joseph W. named to Navy liaison post n986
Beams:
How to use limit design. F. G. E. Peterson *41
Proportioning connections for fixed beam economy. C. O. Harris..... *422
Ventura, Calif. reservoir roof carried by supports and girders..... *20
Blasting:
Insulation of blasting wire splices. P. C. Ziemke *902
Quonset Point, R. I. Naval Air Station—removing peat deposits by blasting... *880
Woven steel fencing and angle irons for protection when blasting. P. C. Ziemke *493
Bonds:
Fort Worth, Tex. votes bond issue..... n439

Book Reviews

Boulder Canyon project final reports... 189
Civil air defense. Lt. Col. A. M. Prentiss 844
Cofferdams. White & Prentis..... 189
Concrete manual 616
Development of resources and stabilization of employment in the U. S..... 616
Elementary structural engineering. Urquhart & O'Rourke..... 616
Engineering drawing. T. E. French.... 952
Exploration geophysics. J. J. Jakosky. 190
Fire defense 844
Handbook of fire protection..... 495
Land economics. Ely & Wehrwein..... 495
1941 year book of New York State Society of Professional Engineers..... 352
Practical tunnel driving. Richardson & Mayo 495
Protective construction 844
Robert Ridgway 352
Sewer rentals 495
Soil mechanics. Dimitri Krynine..... 952
Some principles of accelerated stream and valley sedimentation. Happ, Rittenhouse & Dobson..... 189
Stress analysis and design of elementary structures. J. H. Cissel..... 616
Structural design of warships. William Hovgaard 496
Structural drafting. C. T. Bishop..... 952
Studies of the pollution of the Tennessee River system. G. R. Scott..... 844
Technology and society. S. M. Rosen & Laura Rosen 352

Bracing—when and how much? H. S. Woodward *818

Bridge Accidents and Failures

Iowa bridge wrecked by fire resulting from accident n*501
Los Angeles-Santa Fe Railway bridge wrecked n*384
Suspension bridge failures. J. K. Finch..l 459
Tacoma Narrows bridge vibration periods. W. T. Thomson..... *477
Tacoma Narrows Suspension Bridge (see also Bridges—Tacoma Narrows)
Wind failures of suspension bridges or evolution and decay of the stiffening truss. J. K. Finch..... *403; e390

Bridge Construction

California bridge department takes underwater soil samples by portable test rig. W. H. Jacobsen..... *475
Floating falsework for bridge erection, Ludlow Ferry, Md..... *320; e318
Pennsylvania plans bridge program.... n200
Rod sounding for bridge foundations. J. C. Merrell 33

Bridge Design

American Institute of Steel Construction awards prizes for beautiful bridges..n*798
American Institute of Steel Construction names jury to select most beautiful bridge n532

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Bridge vibration periods. F. D. Chapin. 1 800
Cellular concrete bridge reaction under traffic. F. W. Panhorst. *941
Defense highway and bridge specifications *399; e391
Early suspension bridge ideas. G. A. Maney 1 868
1940 bridge design and construction. W. G. Bowman *228
1940 bridge design features. *252
Prize awards in student's bridge design competition n*372
Stay systems for suspension bridges. D. B. Steinman 1 728; D. B. Steinman, O. H. Ammann 1 316
Structure and beauty. e871
Substandard bridges on strategic highway need rebuilding. *118
Suspension bridge failures. J. K. Finch. 1 459
Tacoma Narrows bridge collapse. Witmer, Kenan, Hadley 1 8
Tacoma Narrows bridge failure—report *743; e731
Tacoma Narrows bridge model tests at Northwestern Technological Institute. G. A. Maney *608; e594
Tacoma Narrows bridge vibration periods. W. T. Thomson *477
Wind failures of suspension bridges or evolution and decay of the stiffening truss. J. K. Finch. *402; e390
Wind oscillations of suspension bridges. H. A. Thomas *547

Bridges

Baton Rouge:
Twin cantilevers erected by balancing. Durkee & Kirkley *12
Calcutta, India:
Long cantilever highway bridge 538
Camden-Philadelphia:
Extra lanes for bridge proposed n384
Chicago, Ill.:
State Street bridge (unit prices) 846
State St. bridge replacement n*781
Cleveland:
Main Ave. bridge uses 271 ft. girders in Lakefront Ramp. F. L. Plummer *466
Columbus:
Sandusky Street bridge approved n7
Deer Isle-Sedgwick, Me.:
Stay systems for suspension bridges. D. B. Steinman, O. H. Ammann 1 316; D. B. Steinman 1 728
Evansville, Ind.:
Toll bridge freed as bonds are retired. n452
Falmouth-Portland, Me.:
Bridge and approaches (unit prices) 426
Georgia bridge and approaches (unit prices) 717
Greenfield, Mass.:
Rebuilding and strengthening old bridge *118
Jacksonville, Fla.:
Main Street bridge in construction n*297
Kentucky highway bridge will be 240 ft. above stream n519
Los Angeles-Santa Fe Railway bridge wrecked by high water n*384
Ludlow Ferry bridge, Md.:
Floating falsework for bridge erection *320; e318
Mackinac Straits bridge, Mich.:
Model studies planned for proposed bridge n72
Maine authorizes bond issue for strengthening bridges for national defense n722
Memphis-Arkansas Bridge:
Location survey started n373
Plans studied n59
Soundings for bridge to be made n925
Meramec Bridge, St. Louis:
Continuous tied arch bridge, first of its type. H. H. Mullins *896
Missouri River highway bridge at Rolo operates at a loss n4
New London, Conn. Thames River bridge (unit prices) 360
New Mexico highway bridge (unit prices) Jan. 23 adv. 16
New York City:
Brooklyn bascule bridge (unit prices). 305
Brooklyn highway skew bascule bridge has record size cofferdam frame. n*362
East River Drive—air lift excavates cofferdams *895
Whitestone bridge:
Stay systems for suspension bridges. D. B. Steinman, O. H. Ammann. 1 316
Stay systems for suspension bridges. D. B. Steinman 1 728
Niagara Falls bridge:
Rainbow bridge arch ready for closure n*847
Rainbow bridge erection started n*58
Rainbow bridge under construction. n*722
Padre Island, Tex. causeway proposed. n511
Passaic River, N. J. lift span bridge. n*148
Pennsylvania, Allegheny County bridge (unit prices) 988
Pennsylvania revives state bridge and tunnel commission n294
Pit River Bridge, Shasta Dam:
Design features *786
Placing and welding reinforcing steel in piers *839
Railroad rails laid n908
Portsmouth, N. H.:
Double-deck highway and railway bridge uses H-piles in hollow-leg bents for falsework. Frank Peirce. *529
Sagamore Creek bridge (unit prices). 69
Radford, Va.:
Suspension bridge at Ordnance Works. n*789
San Francisco-Golden Gate bridge:
Engineer dismissed for testimony before the grand jury n383
Painting cables from new type scaffolds *551
State control for bridge advocated. n63
Wind tests recommended for bridge. n916
San Francisco-Oakland Bay bridge:
Rail traffic to be studied n789
Santa Paula, Calif.:
How a cellular concrete bridge acts under traffic. F. W. Panhorst. *941
Seattle:
Lake Washington bridge tolls exceed estimate n516
Pontoon bridge withstands strong wind n5
Selma, Ala.:
Floating bridge lights. Sigmund Sameth *554
Tacoma Narrows bridge:
Aerodynamic action on wires and bridges. B. D. Mills, Jr. *167
Bridge collapse. Witmer, Kenan, Hadley 1 8
Consulting engineer for investigation. C. E. Paine 1 316
Court grants rehearing on suit n915
Court orders payment to contractors. n575
Insurance paid on bridge n583
Insurance payments in dispute n381
Investigating boards meet in New York n143
Model studied. Otto Gottschalk 1 728
Model tests at Northwestern Technological Institute. G. A. Maney. *608; e594
More engineers study collapse n372
Movies of failure now available n592
New bridge probable n201
New toll bridge authority being organized n722
Report of engineers recommends dismantling of bridge n453
Report of Federal board on failure of the bridge *743; e731
Report released by PWA board of consultants n589
Stability formula for bridge. J. H. A. Brahtz 1154
Suspension bridge failures. J. K. Finch 1 459
Vibration periods at the bridge. W. T. Thomson *477
Washington State Toll Bridge Authority asks rehearing of case n851
Washington State Toll Bridge Authority sued n148
Wind failures of suspension bridges. J. K. Finch *402; e390
Wind oscillations of suspension bridges. H. A. Thomas *547
Tampa Bay, Fla.:
Gandy bridge and Davis causeway to be rebuilt n574
Thousand Island:
Stay systems for suspension bridges. D. B. Steinman 1 728
Stay systems for suspension bridges. D. B. Steinman, O. H. Ammann. 1 316
West Point, Ky. highway bridge (unit prices) 860
Wyoming underpass built on falsework and jacked into place over tracks. J. R. Carr *172

Bryant, Geo. A. heads the Austin Co. n*2

Building accidents and failures:
Minneapolis warehouse collapse case—damages awarded n865

Building Construction

Analyzing air conditioning costs for blackout plants. L. G. Huggins (Building Designers' Library) *751
Building Trades Department promises to outlaw strikes and fees n499
Cedar Rapids building, 27 years old, is strengthened to increase bearing load. C. P. Lewellen *416
Cost summary of selected U.S.H.A.—aided housing projects (table) 700
Factories for defense—year's accomplishment (chart) n912
Municipal building costs—New York City 684
New York City transit buildings unit costs (table) 692
1940 construction records (charts & tables) 276
School buildings in defense areas proposed in bill n587
Small house costs (tables) 686
Special building cost indexes (chart & tables) 646
Tent over dwelling save contractor 25 days n505
Tennessee Valley Authority develops portable cottage built in sections. n*706
Trend of building costs in Chicago (tables) 688
Wage rates prevailing March 1, 1941 in building trades (tables) 676

Building Design

Air raid damage in London. O. Bondy. 1 317
Bombproof design data published in pamphlet n709
Bomb-resistant structures e80
Hotel of welded steel box units with a center dome. W. G. Bowman *250
1940 developments in building. W. G. Bowman *249
"Spider" shaped hotel of frameless cellular steel design *397

Building Designers' Library

Analyzing air conditioning costs for blackout plants. L. G. Huggins *75
Cantilever and combined footing designs compared. H. S. Woodward *95
Engineering aspects and factors of fluorescent lighting. C. L. Amick. *81
A new approach to the problem of concrete wall reinforcing. F. N. Ropp. *90

Building Laws and Regulations

Canadian bill restricts ordinary building work n848
High-yield reinforcing as proposed by New York City. G. E. Strehan. 1 93
Miami Beach prohibits buildings over 14 stories e802

Buildings

Allentown, Pa.:
Lehigh-Portland Cement modernizes building n*509
Atlanta, Ga.:
Tent over dwelling saves contractor 25 days n*505
Baltimore:
Glenn L. Martin plant nearly completed n712
Berkeley, Calif.:
Cyclotron for "smashing atoms" being erected n*784
Buenos Aires:
Underground parking garage n*435
Canadian industries to expand their plants n918
Cedar Rapids, Iowa:
Stark-Lyman building, 27 years old, is strengthened to increase bearing load. C. P. Lewellen *416
Charlestown, Ind.:
Powder plant is erected n*59
Chicago:
Buick begins aircraft engine plant. n*504
Illinois Institute of Technology plans expansion n592
School building—unions and contractors convicted in trust case n851
Cincinnati, Ohio:
Foundry of all-welded steel construction n*848
Cleveland, Ohio:
Engineering building for Austin Co. dedicated n*863
Columbus, Ohio:
Warehouses for U. S. Army built with moving falsework n*596
Corpus Christi, Tex.:
Driscoll Hotel nears completion n*574
Dallas, Tex.:
Aviation plant erected in fast time. n*152
Blackout plane plant construction *732
Continental Building supports an eight-story addition on six-story stilts. Prof. G. A. Maney *872
Dearborn, Mich.:
Ford Motor aircraft plant has bomb-proof roof n370
Detroit:
Chrysler tank arsenal construction. n*526
Engineering Society building's cornerstone is laid n3
Vickers plant has sawtooth roof construction n*385
East Pittsburgh, Pa.:
Westinghouse Electric constructs foundations for 40-ft. diameter boring mill. J. B. George *502
Elyria, Ohio:
Bendix-Westinghouse Automotive Air Brake Co.'s plant n*290
Expanded editorial service on buildings 729
Fairfield, Conn.:
Bullard Co.'s plant in production n*290
Frankfort, Ky.:
Capitol Dome to be reconditioned n*583
Office building for highway department n*708
Jeffersonville, Ind.:
Fourteen warehouses constructed n*910
Kansas City, Kan.:
22-acre bomber plant n*782
Marlemont, Ohio:
Army engineers build a searchlight mirror plant (Factories for defense). *890
Memphis, Tenn.:
Powder Co. plant construction breaks safety record n72
Powder plant job sets building safety record n367
Meridian, Miss.:
Wallboard plant construction n*73
Middle River, Md.:
Glenn E. Martin expands n*453
Milwaukee:
Square D plant n*7
Montclair, N. J.:
Apartment uses exposed concrete for interior *323
New York City:
Benjamin Franklin High School welding details. LaMotte Grover *934
Municipal building costs 684
Parkchester apartments. W. G. Bowman *249
Queens Municipal building is completed on schedule time and within the budget. E. J. McGraw, Jr. *470 e460
Transit buildings unit costs (table) 692
1940 buildings *265
Omaha, Neb.:
Air conditioning equipment for office building n*292
Glenn L. Martin bomber plant started n*515

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Phoenix, Ariz.:
School gymnasium with Lamella roof n*444
Pittsburgh:
Pittsburgh-Des Moines Steel drafting room uses glass-block walls and fluorescent lighting n*136
Radford, Va.:
Ordnance plant construction speeded. n*289
Ordnance plant opens ahead of schedule n*454
Seattle:
Boeing Aircraft plant has sawtooth roof of concrete..... n*211; n*213
Boeing Aircraft plant—merit awards to workmen n*927
South Bend, Ind.:
Studebaker adopts blackout design for its airplane engine plants..... n*437
Toccoa, Ga.:
Hotel of welded steel box units with a center dome. W. G. Bowman..... *250
"Spider" shaped hotel of frameless cellular steel design..... *397
Vancouver, Wash.:
Aluminum Co. expands production with added power units..... n*975
Washington, D. C.:
Concrete shell roof over largest ice arena n*443
Hotel Statler to be built..... n*451
Ice arena to have barrel shell roof. R. L. Bertin..... *804
National Gallery of Art to be opened in March n*365
Senate and House roofs supported by temporary framing n*137
War Department building construction n*856
West Everett, Mass.:
"Blackout" plant for General Electric n*852
Yuma, Ariz.:
Salvaged steel makes new commercial building. J. C. Coyle..... *759

C

Cables:
Cable hitch support. M. T. Pate..... *422
Reducing cable wear. W. L. Ravenstein *763
Return of empty reels urged..... n592
Cableways:
Swedish cable tramway carries crushed stone 841
Used in Denison Dam concreting plant. E. G. Wernertin..... *327
Caissons:
Steel caisson for repairing submerged concrete of Bonneville Dam..... *758
Camps see Housing

Canals
Automatic gate control for irrigation canal, Calif. I. H. Tellman..... *971
Cape May ship canal before Congress.. n578
Cooper River tail canal (unit prices).... 69
Florida ship canal favored as post-war project n721
Madera Canal, Friant Dam, work started n516
Panama Canal:
Bids for excavation work due next month n436
Miraflores locks dredging contract let to Panama Contractors..... n704
Third Locks cement bids invited..... n986
Third Locks project contract signed.. n*200
Third Locks project receives appropriation n505
Provo canal work to start in spring. n313
St. Lawrence River ship canal—see Waterways

Cement
Alkali cement and Parker Dam. McMillan, Mattimore, Tremper, Stanton ..... l 727
Capacity of cement bins..... 558
Cement for pipe leaks..... 494
Chicopee Falls, Mass. Army Air Base runway of soil cement enriched in top inch *531; e525; C. H. Lovejoy..... l 868
Mixing cement with granite chips for planes storage area..... n*725
More durable concrete with treated cement. M. A. Swayze (tables)..... 946

Cities:
Impact of defense on city government.. 901
Mayors urge federal civil defense board. n212
Municipal facilities studied at defense areas n366
Municipal works and worries, 1940, 1941. E. J. Cleary..... *224
Cofferdams:
Air lift excavates cofferdams, East River Drive, New York City..... *895
Bath, Maine—ship basins built in large cofferdam *886
Brooklyn highway skew bascule bridge has record size cofferdam frame..... n*362
Colorado Society of Engineers holds silver anniversary meeting n*150

Concrete
Bellefontaine, Ohio celebrates first concrete paving laid 50 years ago..... n*976
Cantilever form panels for concrete at Friant Dam *542
Cantilever forms of timber for concrete lifts, Shasta Dam..... *893
Cellular concrete bridge reactions under traffic. F. W. Panhorst..... *941
Denison Dam outlet works construction served by unusual concrete plant. E. G. Wernentin *327
Exposed interior concrete used for high class apartment house in Montclair, N. J. *323
Fort Dix winter construction aided by tents *576
Grand Coulee Dam concrete cooling period ended n583
High-yield reinforcing as proposed by New York City. G. E. Strehan..... l 931
Light-weight concrete studied at Armour Research Foundation 478
Load test for concrete floor system. E. B. Bailey *760
More durable concrete with treated cement. M. A. Swayze (tables)..... 946
Non-skid concrete grooved with steel brushes *763
Parker Dam shows concrete deterioration. R. F. Blanks..... *462; e461
Pit River Bridge—placing and welding reinforcing steel in piers..... *839
Precast concrete ribs repair tunnel roof on India Railway..... 937
Prestressed concrete water tanks, Oakland, Calif. *419
Progress in construction practice in 1940. H. W. Hunt..... *243
Puerto Rico hangar constructed of concrete n*71
Quonset Point, R. I. Naval Air Station—steam cured concrete for the runways *880
Reinforcing building walls to prevent cracking at the corners of openings. F. N. Ropp (Building Designers' Library) *900
Two-course paving slabs tested for highway use. C. L. Kirk..... l 931
Ventura, Calif. reservoir roof is carried by precast supports and girders..... *20
Wall block for fast work..... *554
Washed samples for plasticity tests. C. R. Fricke..... 485
Conduits:
Blue Mountain Dam conduit near completion n*723
Park River conduit, Hartford, Conn. model aids study of flow conditions.. n*709
Connecticut Society of Civil Engineers:
New officers of society..... n*455

Construction
Army construction division appoints civilians in nine zones..... n215
Army construction division reorganization n197
Army's de-centralized construction division starts new work..... n63
Base rates on compensation insurance for construction, Apr. 1, 1941 (table) 680
Boeckh index of construction costs (table) 658
Budget set for 1941..... n57
Business side of construction. Robert Colborn 246
Canadian Construction Association plans self regulation n301
Cost of construction 1941 (charts & tables) 643
Cost of financing (charts & tables).... 660
Defense construction and then what?.. e11
ENR construction and building costs 1940 (charts) 275
Engineering consultants resign under new Quartermaster policy..... n518
Indiana's stake in Charlestown boom to be guarded by H. B. Steege..... n*144
Labor shortage not yet serious..... n71
Monthly construction business summary. Jan. 2 adv. 15; Feb. 13 adv. 71; Mar. 13 adv. 51; Apr. 10 adv. 27; May 8 adv. 51; June 5 adv..... 47
1940 construction records (charts & tables) 267
1940 was the nation's biggest construction year n1
Overtime rate cut on defense construction n308
Priority regulation for construction industry. Robert Colborn.....874; e870
Progress in construction practice in 1940. H. W. Hunt..... *243
Review and forecast 1940-1941..... 221
Seattle Construction Council adjusts wage scale to living costs..... n214
Virginia's highway equipment is "rented" on an hourly basis..... *346
Wage rates and trends for construction (charts & tables)..... 672
Construction see also Building construction

Construction Equipment
Air jet washes gravel. F. R. Cozzens.. *349
Air lift excavates cofferdams, East River Drive, New York City..... *895
Army explains acquisition of equipment. n573
Bulldozer used to clean up bomb damage n*851
Bumper shifts concrete buckets..... *43
Cement transfer box..... *494
Construction equipment review..... Jan. 30 adv. *68; e156
Conveyor delivers aggregate at Shasta Dam n*578
Cutter for hot asphalt. Lt. H. L. Haworth *554
Delivery boxes on legs aid in concrete cleanup *493
Denison Dam outlet works concreting plant has cableway served by shuttle trains. E. C. Wernentin..... *327
Dipper dredge that folds. J. D. Rauch.. *341
Dragline rolls dam slopes..... *43
Drill support *842
Electric drive for ordinary jobs. G. H. Hall pt. 8 *34; pt. 9..... *483
Hydraulic press shapes copper strips for Friant Dam waterstops..... *903
Master straightedge for checking wood straightedges on Pennsylvania Turnpike *350
Moving falsework helps to construct concrete warehouses for U. S. Army..... *596
Progress in construction practice in 1940. H. W. Hunt..... *243
Rental rates for equipment (table)..... 702
Road machinery studied by U. S. engineers n366
Safety net used on Friant Dam..... n*303
Scaffold supports facilitate glass roof cleaning *557
Scaffolds for painting San Francisco Golden Gate bridge cables..... *551
Several items of equipment on eligible priority list n722
Snow melting machine clears airport runways n*207
Truck for pavement marking in Ohio.. *345
Wood augers for subsurface test borings. H. D. Hammond..... *15

Construction Materials
A.S.T.M. advances materials specifications n437
Building firms exempt from new OPM controls n848
Cantonments of lumber substitutes tried. n291
Cavity brick walls. J. Nunnikhoven.... l 155
Cotton in house construction..... *892
Economy through better design. A. A. Weitzman ..... l 869
Materials and labor prices..... 50, 277, 428, 566, 664, 772, 908
Output of various construction materials 1931-1940 (table)..... 274
Prices of construction materials (charts & table) 663
Stabilized mud for building. E. L. Hansen *39
Unit prices of building materials, Chicago 688

Contractors
Business side of construction. Robert Colborn 246
Chicago unions and contractors convicted in trust case..... n851
Contractor-WPA work. C. C. Cook.... l 154
Credit for contractors doing defense work. H. O. Locher..... l 869
Fee contracts on Army construction upheld in House vote..... n915
Georgia legislation comes to aid of road contractors n308
Grand Coulee claims case to be heard again n574
Grand Coulee suit to be heard..... n784
Insurance rating plan for army contractors n794
Mississippi highway contractors need not pay sales tax..... n865
New York City contractor wins claim for unrevealed work on school..... n852
New York court upholds contractor's claim for unforeseen subsurface obstruction. Frank Weinstein..... 188
Organization for construction of Fort Leonard Wood camp..... 757
State unemployment compensation taxes must be paid by contractor holding federal contract n499

Contracts
E.N.R. engineering construction contracts 6, 68, 77, 145, 153, 209, 217, 304, 315, 377, 387, 448, 457, 511, 521, 584, 593, 716, 726, 790, 799, 859, 867, 919, 930, 987
Industrial building construction contracts by industries 1926-1940 (table) 272
Negotiated contracts to be investigated by Congress n294
Negotiated fee contract dropped by Quartermaster Corps n361
Nothing wrong in Army's use of consultants from firms that hold defense contracts e319
Cotton in house construction—prefabricated "cotton house" featured in U. S. Dept. of Agriculture..... *892
Cribbing for small pits. R. H. Wood.... *44
Cyclotron for "smashing atoms" being erected n*784

D

Dalrymple-Hay, Sir H. H. dies; added hood to tunnel shields..... n445

Dams

Austin Dam:
Underpinning the dam. Freeman & Alsop *180; e156
Bartlett Dam:
Rains fill reservoir for first time May 22, '41 ....n*794
Beckley, W. Va.:
Water supply dam (unit prices)..... 717
Blue Mountain Dam:
Conduit for outlet near completion..n*723
Spillway and embankment (unit prices) 791
Boca Dam:
Senate passes bill to release waters..n705
Bonneville Dam:
Allocation for generators and lines..n779
Aluminum Co. to expand production with added units....n*975
Caisson used for repairing submerged concrete *758
Generators needed n924
Boulder Dam:
Lake Mead to spill for the first time.n*924
Box Butte Dam:
Construction started n72
Bullshead Dam:
Allocations for dam....n779
Under consideration n301
Cherokee Dam:
Construction procedure described.....*333
May be completed in seventeen months n214
Clam River Dam:
Federal Power Commission approves..n924
Claytor Dam:
Hydroelectric plant design and construction features. Sporn & Kammer *392
Clearwater Dam:
Bids to be opened in June....n722
Cumberland and Tennessee Valleys:
Present and future electric plants (map) 985
Denison Dam:
Attempt to stop work on dam fails..n212
Fight to block construction carried to Supreme Court....n520
Governor loses fight to stop construction n864
Plant for outlet works. E. G. Werner tin *327
Flashboard pocket, self-cleaning. C. E. Nightingale *762
Fort Loudon Dam:
Budget increased n301
Fort Peck Dam:
Scroll cases for turbines nearly complete n*793
Tunnel control gates completed.....n*590
Friant Dam:
Aggregate loading in cars....n*132
Cantilever forms *542
Copper strips for waterstops shaped with hydraulic press....*903
Delivery boxes on legs aid in concrete cleanup *493
Madera Canal work started....n516
River flow now under control....n*779
Safety net used....n*303
Grand Coulee Dam:
Concrete cooling period ended....n583
Contractors case to be heard again...n574
Contractors suit n784
Drum gates top dam.... n*3
Flame-cleaning drum gates prior to painting n*909
Gates to control spillway....n*198
Generators needed n924
Grand River Dam:
Oklahoma settles dispute over highways n362
Spillway opened to save state bridge..n148
Hansen Dam:
Dragline rolls dam slopes.... *43
Kentucky Dam:
Housing the workers. E. S. Draper.. *30
Keswick Dam:
Plans changed n705
Lake of the Pines Dam:
Completion of dam.... n*5
Marshall Ford Dam:
Name changed to Mansfield....n457
Mississippi River:
Lock and Dam No. 2 (unit prices).... 988
Non-corrosive paint for steel work... 558
Mud Mountain (Stevens) Dam:
Creek Bottom catchbasin.... *44
Oil burners to dry material for dam core n*371
Redesigned as rockfill with earth core *408; e390
Tent to protect dam core....n136; n*452
Neches River Dam:
Bill to finance dam....n510
Neversink Dam:
Stream-control works for proposed dam (unit prices).... 564
1940 land reclamation, power and irrigation projects *260
Norfork Dam:
Bids to be opened Feb. 20.... n72
Construction of dam (unit prices)... 449
Parker Dam:
Alkali cement and Parker Dam. McMillan, Mattimore, Tremper, Stanton ....l 727
Concrete deterioration at dam. R. F. Blanks *462; e461
Drilling marker simplifies tunnel work for penstocks. T. R. Johnson.....*422
Penstock tunnel lining....n*573
Pinopolis Dam:
Bumper shifts buckets.... *43
Prado Dam:
Construction for flood control....n*197
Red River Dam:
Engineers ordered from dam....n383
Santee-Cooper Dam:
Spillway of concrete....n*865
Sepulveda Dam:
Portable light standards....*843
Shasta Dam:
Cantilever forms of timber for concrete lifts *893
Concrete placing n*780
Conveyor delivers aggregates....n*578
Pit River bridge:
Design features *736
Placing and welding reinforcing steel in piers....*839
Railroad—rails laid on bridge....n908
Pressure tests for seamless tubing....*972
Relocation of railroad nearly finished.n705
Slump concrete for dam....n*587
Tennessee Valley Authority authorized to build four more dams....n*923
Upper Narrows Dam, Calif.:
First water goes over dam....n*212
Wappapello Dam:
Dam to control runoff from St. Francis River n*850
Watts Bar Dam:
Lock placed in operation....n*382
Wheeler Dam:
New generator increases power....n439
Wolf Creek Dam:
Construction to be started....n862
Labor favors TVA for project....n917
Youghiogheny Dam, Pa.:
Embankment and spillway (unit prices) *989
DeBerard, W. W. named city engineer of Chicago n*200
Drainage:
Camp Wallace fights mud....*544

Dredges and Dredging

Delaware River deepened for Navy's ships from Philadelphia....n*363
Dipper dredge excavates for drydock at Norfolk Navy Yard....n*579
Folding dipper dredge. J. D. Rauch....*341
New Haven harbor, Conn. dredging (unit prices) 360
Panama Contractors, Inc. low bidder for Miraflores locks, Panama Canal, dredging contract n704
Drydocks:
Bayonne, N. J. to have largest Navy graving dock n370
Dipper dredge excavates for drydock at Norfolk Navy Yard....n*579
Navy builds three-section floating drydock n*373

E

Earth fill:
Calculating earthwork quantities (graph) 762
Earthquakes:
Analyzer for earthquakes....*241
Edison Electric Institute meets in Buffalo.n913
Electric energy sets all-time production high 543
Electric motors:
Electric drive for ordinary jobs. G. H. Hall, pt. 8 *34; pt. 9....*483
Electric railways:
Seattle's street cars discarded....n578
Electrical control:
Indicators and control devices for efficient operation of water systems. Paul Lippert *959
Engineering:
Havana students win award for development of engineering vocabulary in Spanish n152
1940 engineering news events.... 218
Engineering Institute of Canada:
Meeting in Hamilton, Ont....n*295

Engineers

Advance graduation date for engineers consolidated n375
Bristol, Conn. wants the best.... e10
Can the inspector be an "umpire"? DeGraffenreid DuPuy....552; e525
Improve the status of engineers now. A. W. Consoer ....l 458
Iowa University starts airport design course n384
Navy to commission engineering graduates n582
New hiring philosophy needed. S. G. Koon ....l 459
New York City engineers win promotion n*797
New York engineers study aerial bombardment protection n*439
Shortage of engineers....e391
Training short cut for Kansas engineers. J. J. Wardrip....l 931
Erosion:
Highway upkeep is reduced by erosion control. C. C. Tevis....*139
Excavation:
New York City contractor wins claim for unrevealed work on school....*852
New York City rock excavation for sewer (unit prices) 378
Quonset Point, R. I. Naval Air Station—removing peat deposits by blasting and by dragline methods....*880

F

Fairbairn, John M. R., heads Canadian work n*858
Federal Works Agency:
Public Works Reserve organized to compile plans for post-war public works.n975
Board of control meets in New York...n143
Federation of Sewage Works Associations to meet in New York City....n798
Fencing:
Fencing, protective. R. D. Logee....*610
Safety stile Elton Sterrett....*615
Fire extinguisher maintenance.... 747
Fire hydrant protection....*494
Fire protection by water....*989
Floodgate, Charenton, La. (unit prices).. 860

Floods and Flood Protection

Binghamton, N. Y. flood protection (unit prices) ....Jan. 23 adv. 16
Camp Wallace fights mud....*544
Flood control bill places burden on local interests n985
Flood protection, Paducah, Ky. (unit prices) 770
Lower Rio Grande valley floodway work started n456
Mississippi River Commission's Plan 4 reported to Congress....n864
Mud Mountain Dam—creek drained by catchbasin *44
1940 flood storage and control....*258
North Carolina flood control urged....n373
